## VILLA AMAC-1684 AMALFI COAST, ITALY

### DESCRIPTION

The hideway, South of the Amalfi coast.

The estate extends over six kilometres, within the Cilento National Park. Nestling among the pine trees of the beautiful coastline of the Cilento, Villa Isola del faro is situated in an extraordinary position, on the sea in an Oasis Reserve. A 4 km stretch of coastline ensures that the Villa offers total privacy, reached through the security post at the main entrance to the estate.

It has easy access to the small quayside, tiny pebble inlets and a sundeck which stretches out to sea, not to mention magnificent walks through pine woodland backing onto the sea.

A large terrace running the length of the Villa, offers excellent open air dining, with shade from a well-appointed marquee at lunchtime, and in the evening a romantic and intimate atmosphere under the stars with a view directly to the Islet a cross from the Estate and the lights of the Amalfi Coast.

The Villa has been restored to a high standard, combining the best of Italian tradition with modern comforts.
