- Final Cleaning

VILLA MARB-2097 MARBELLA, SPAIN

DESCRIPTION

Impressive modern villa for a unique holiday experience

The sheer size and overwhelming beauty of the luxury villa for rent, combined with the superb location and views over Gibraltar and North Africa, make it one of the most outstanding villas in the south of Spain. The private villa is located right next to the prestigious Los Flamingos golf course and only a 10 minutes' drive from Puerto Banus and Marbella with its vibrant entertainment and excellent restaurants. It is situated in a private gated estate with 24 hour security. Impressive modern architecture with triple volumes and large spaces and natural light, is combined with ultra-modern facilities and the latest technology, to create a masterpiece. The interior is an art work in marble and soft leather and warm, dark wood. Large modern art works in strong bright colours contrast dramatically with the neutral white walls. The designer kitchen has everything an enthusiastic cook or a professional chef needs to prepare delicious meals. An outside cooking area, with wonderful facilities, such as a pizza oven, barbecue grill and bar is the ideal venue for an informal alfresco lunch, or a romantic gourmet dinner on the covered dining terrace.

There are ten individually styled bedrooms with crisp Egyptian cotton sheets and striking finishing touches, each with a luxurious modern bathroom, sleeping up to sixteen guests.

The enchanting figure-eight swimming pool and Jacuzzi at the front of the property have lovely neat sunny terraces around it. Stone steps in the villa lead downwards to a most magnificent heated indoor swimming pool and games area, with gym equipment, sauna, full size pool table and cinema room. There are no less than three Jacuzzis in the private villa.

There is a private tennis court and the villa shares a professional putting green with the adjacent sister villa.
